Lansdale, PA 19446

Dear Mary Jo and Gwynedd Veterinary Hospital Doctors and Staff,

On behalf of The Rabbit Habit membership and foster bunnies, I want to extend our most sincere gratitude for responding to our 2004 Holiday Plea. Your generous donation of \$50 will go a long way in helping our foster bunnies find loving, permanent homes.

Your donation will make a difference! It will help us to care for the feeding needs, medical needs, and the spay or neuter needs of our foster bunnies, while they remain in foster care. As our rescue adopts a "no-kill" policy, many of our bunnies will remain in foster care for the duration of their lives, and a lifetime of care can be costly. By providing a generous donation, you have taken an active part in helping unwanted and abandoned bunnies in the Philadelphia area, who would have otherwise perished, to find loving, permanent homes.

To date, The Rabbit Habit has saved the lives of 204 bunnies in need, and of those, 153 have been adopted into wonderful homes. We could not have accomplished this without people like you, who love bunnies.

Thank you, again, for your most generous gift to our organization. Please visit our website, listed above, and click on the "Adoptables page, to see the foster bunnies that your donation will be helping. For some "happy endings," please see the former foster bunnies that have received loving, permanent homes, on our website's "Alumni" page.

Sincerely,

Kerry J. Stewart
President
